

PSU ANNOUNCES REBRAND

The Personal Support Unit will in the future be known as Support Through Court, following an extensive rebrand. The new name, launched on 10th October at our 18th birthday party, is designed to convey more effectively the vital service we offer to clients and supporters. Peter Crisp, Chair explains more in our [press release](#).

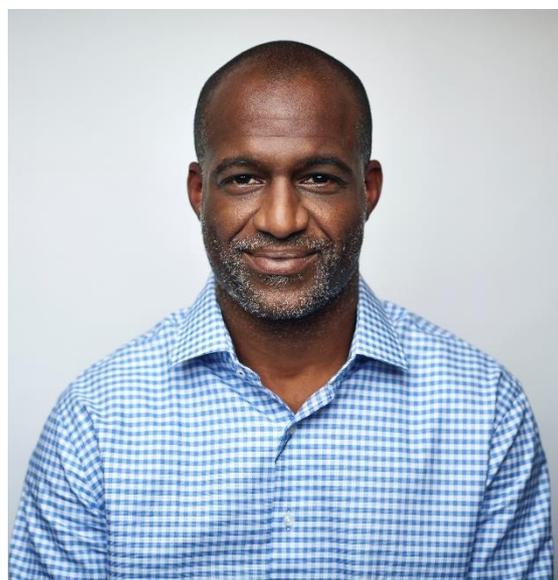

DIANA COPI SAROW

The Founder and Life President of the Personal Support Unit passed away peacefully at home last month. We would like to thank Diana, who did so much for people facing court alone and will be missed by us all. We will remember her as the inspiration and pioneer of the PSU – and the very first volunteer, rolling up her sleeves and helping an individual in need.

MO WAS SEEKING ASYLUM...

Mo had been forced to flee his native country when Boko Haram attacked his business. He was seeking asylum to stay in the UK and feared returning to Nigeria could be fatal. As Mo's health deteriorated our volunteers supported him through his appeals. Read his and other client experiences in our new [Report and Financial Statements](#).

THANKS TO CHARLIE AND CHICO

London Volunteer Charlie, headed to Greenwich park to take part in the 'Legal Walkies'. The duo has raised over £400 for people alone in court with their sponsored walk. Chico also enjoyed a swim and a spot of rivalry with a Judge's dog over a tennis ball. Read more about their walk on our website [news page](#).
